

Launching SBC Regional Buying Hubs

Supporting local
procurement collaboration
to save money and create
greater efficiency

SBC's new buying hub services focus on local support for schools and Trusts, based on what you want from your procurement service:

FAST – Save time and money securing new contracts in weeks not months, via our fully compliant direct award service

FLEXIBLE – Running mini competitions or full tenders with local and national suppliers, developing fit for purpose specifications

EXTENSIVE – Offering free advice and guidance across all areas of spend, compliant solutions for whatever your school or Trust needs

DEDICATED – Allocating expert virtual procurement officers as part of your team, to execute your buying strategy

MANAGED – Delivering contract management services, growth and efficiency planning, new school applications and build services

COMMITTED – Investing in social value to support your school, Trust and community, including your professional development

Having established our own Trust, we are passionate about schools and driving down cost
